PROFESSIONAL EXPERIENCE

Data & Operations Analyst | Circana Market Research

Dublin, Ireland | 2024 – Present

Managed weekly data operations and client reporting for a €10M+ EMEA portfolio of 200+ enterprise accounts.

- Processed and validated weekly client datasets via **Azure Pipeline** and **Microsoft Access DB**, ensuring data integrity before report generation.
- Published **Tableau** performance reports benchmarking each client against the EMEA portfolio, achieving 100% on-time delivery every week.
- Built and automated monthly statistical reports for 200+ clients using **SQL**-driven workflows in **Azure Pipeline**, reducing manual processing time by 20%.
- Designed **Power BI** dashboards using **DAX** formulas and **M Queries** to present client performance trends and operational metrics across the EMEA portfolio.
- Triaged and resolved 80+ tickets weekly via **CRIMS**, covering data issues, access requests, and client queries within SLA.
- Tested **Azure Pipeline** connections and transformation logic for new client onboarding, validating **SQL** queries to ensure accurate data flow.
- Trained new clients on **Power BI** reporting tools and built **VLOOKUP**-based **Excel** trackers to support client-side data validation and go-live readiness.
- Owned end-to-end client operations, acting as primary liaison between EMEA clients, commercial, product, and development teams to coordinate issue resolution, data delivery, and platform updates.
- Identified data discrepancies between client expectations and source data using **SQL** queries and gap analysis; logged resolutions in **Jira** to reduce recurring reporting errors.
- Integrated AI tools including ChatGPT and Claude to analyse data outputs, troubleshoot Azure Pipeline errors, and generate technical summaries of data discrepancies.

Business Consultant | Estée Lauder Companies

Dublin, Ireland | 2022 – 2024

- Redesigned business processes across marketing and operations, contributing to a 20%+ increase in conversion rate.
- Analysed sales and marketing performance using **Power BI** and **VLOOKUP**-based **Excel** models, shaping campaign strategy and driving 20%+ conversion growth.
- Produced functional specifications and revised process flows ensuring consistent execution across all teams.

- Managed client and vendor relationships via **Salesforce** and **MS Dynamics CRM**, producing strategic recommendations for senior leadership.
- Led vendor negotiations using **spend data analysis**, achieving a 15% reduction in procurement costs.
- Organised and coordinated in-store product launches and masterclass events for customers, managing logistics, stakeholder communication, and on-the-day execution to drive brand engagement and sales performance.

System Analyst | Tata Consultancy Services

Chennai, India | 2020 – 2022

- Assigned to **Nationwide**, a **US-based banking and insurance client**, supporting **financial data quality audits** and **insurance claims operations reporting** within a regulated **financial services** environment.
- Developed expertise in **financial data analysis**, customer success, and support services within a **banking and insurance** context.
- Wrote **SQL** queries to extract, validate, and report on **financial and claims data** from **CRM** systems, helping sales and operations teams spot missed follow-ups and reporting gaps.
- Designed complaint heatmaps in **Power BI** to identify recurring issues within **claims processing**, reducing escalation rates for the **financial services client**.
- Built **Excel**-based performance trackers using **VLOOKUP**, conditional formatting, and formulas for over 50 team members supporting **financial services operations**.
- Created **Python**-based charts and analytics on **financial and sales data** to provide insights to stakeholders including Project Managers.
- Supported testing and validation of transformed **financial data**, identifying inconsistencies and aligning data fields with new schemas.
- Collaborated with backend and QA teams to maintain high-quality data inputs and outputs across **financial reporting systems**.

EDUCATION

MSc in Management | Trinity College Dublin

Dublin, Ireland | 2022 – 2023

- Research: Customer Retention Marketing Strategies in the Cosmetics Industry, Ireland

Bachelor of Engineering | Anna University

Chennai, India | 2016 – 2020

- CGPA 8.2/10 | First Class Graduate | Best Outgoing Student Award 2020 | Elected Student Coordinator

RECOMMENDATIONS

"She seamlessly integrated into our team culture, was always open to feedback, using it to continuously grow and elevate her work. A massive asset wherever she goes next."

— Magdalena Pisarska, Sr Manager Data Management, Circana

"She is a clever, fast thinking, efficient and focused worker who consistently excels and would be a benefit to any employer."

— Kristen Worth, Manager, Estée Lauder
